

F. SLADE DALE

BAY HEAD, N.J.

June 4, 1936

Mr. Philip R. Van Duyne, Secretary  
Bernegat Vay Yacht Racing Association  
95 Clay Street  
Newark, N.J.

Dear Mr. Van Duyne:

Thanks for your letter of the 1st. All my correspondence concerning the trophy has been with Cornelius Boockock, and so I am not sure that the final decision as to the nature of the award was explained to you and others in the Association.

Our feeling was that an award for sportsmanship and not for sailing skill would do more to encourage worthwhile traits amongst the younger sailers on the bay, and therefore the inscription on the trophy was worded:

"O. G. Dale Memorial Trophy  
"Awarded for a Period of One Year  
in Recognition of  
Outstanding Sportsmanship  
in the  
Bernegat Bay Yacht Racing Association"

I am very anxious that the B.B.Y.R.A. committee that takes this in charge understand that it is a very informal matter and that there are no qualifications or restrictions placed on the award other than is indicated in the inscription, and I hope they will put any interpretations on it that may become necessary from time to time.

The only suggestion we would like to make is that the trophy be awarded on one of the race days towards the end of the season and that the name of the recipient be engraved on the base of the cup with the year that it was awarded. As the inscription implies it is an award for outstanding conduct, and if no one's name comes readily to mind throughout a season's racing there is no need to make the award during that year. Also, if someone has already earned recognition for good conduct during any of the past few seasons I see no reason why the award couldn't be made this year on that account. There are many possibilities and we have tried to make the inscription flexible enough so that there will be no difficulties in the way of any committee of the Association at any time.

made to a junior skipper, or a senior, or to a member of a crew, the only purpose of the award being to encourage good sportsmanship by having some recognition when there is an example of good sportsmanship.

I would really prefer not to have anything to do with making the selections myself, for I am not in as close touch with the skippers and crews as I used to be, and consequently any suggestions I might have could only be prompted by some of the committeemen in the Association. I think, however, that a few opinions from race committee members in the various clubs would soon indicate whether there was a deserving recipient.

If such a modest award as this can come to mean something in the racing on the bay and lend any encouragement along lines other than those associated with the winning of prizes, we shall be very glad; While if for any reason it doesn't work out as a practicable award there has been nothing lost in trying it out.

I have the cup here now and will be glad to turn it over to you or to place it wherever the committee advises me. Probable some word of its existence should be circulated amongst the juniors if it is to lend any incentive to good behavior this year.

I will be glad to see that the engraving is taken care of whenever an award is made if it will help the committee. I think the trophy should remain with the club of which the winner is a member, during the summer season, though of course that is a matter for the recipient to decide.

Will be glad to hear from you if there is anything I can do, and I would appreciate it if you can pass the word along as to the nature of the award, as I have outlined it here.

Sincerely yours,

signed: (F. Slade Dale)
